

Welcome to Speedway Indoor Karting and thank you for taking the time to tour our one-of-a-kind facility.

We are confident that we can work with you to host a great event. We can put together a winning combination, with a conference room and board room that allows for multiple configurations, a full-service restaurant and catering options and of course the world-class karting tracks.

Since our opening on April 1, 2016 we have hosted a wide array of events in every shape and size. If you don't see something that looks like a good fit for your group, talk to us and we will work to customize something that is perfect for the size of your group and type of event.

We know planning events can be a stressful process but we are here to help turn your next event into the best event possible. With an on-site Event Coordinator, full service catering staff and a track team, we will ensure your experience is one to remember.

Making the decision where to host your next event, get together, conference or party isn't an easy one, so if you have questions in the meantime or if there is anything we can do to help, please don't hesitate to reach out to us.

We look forward to working with you to make your event, conference or party one to remember.

# Why Plan An Event With Us?

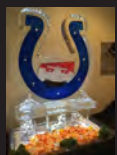

**Corporate Experience:** Speedway Indoor Karting owners Sarah Fisher and Andy O'Gara know every component of corporate hospitality, as they designed and executed successful programs for nearly a decade to suit the needs of partners involved with their Verizon IndyCar Series race team. That experience translates into events you and your team will enjoy and remember for a long time.

**Personalized Service:** Our dedicated in-house event staff is ready to help you design the perfect event for your group. We will handle every aspect of your special day at SIK. Leave all the work to us so you can enjoy food, friends and karting!

**Private Spaces:** Our spacious facility can accommodate groups of all sizes and their various needs. Leave the planning and execution to us, and get ready to have fun!

**Eat, Drink & Be Merry:** Add more to your event by taking advantage of our catering services provided by Brozinni Pizzeria.

**No Waiting Around:** Wait times on busy days can often get long. Booking an event ensures track time is reserved just for you and your guests. To help you stay on schedule, track time is never double-booked.

**The Track Is All Yours:** Scheduling an event allows your and your guests private access to the track at your selected time. Other customers not involved in your event will not race in your private heats.

**Special Race Formats:** Event guests have the option to use exclusive team relay race formats not available to the general public, creating a special atmosphere of fun and friendly competition for you and your guests.

**Inclusive Pricing:** Many of the additional fees listed under retail pricing are waived for those who schedule events. Complimentary day licenses and head socks are included in event pricing, in addition to all equipment and gear.
